EHC offers a sliding fee scale to all its patients. The Sliding fee scale covers all approved scope of project services provided by EHC.

The sliding fee scale is based on income limits and is available to patients with or without insurance. Medicare patients are also eligible - the sliding fee scale may cover a portion of the 20% coinsurance. We will help guide you to the correct agency for help with a Marketplace or Mainecare application if applicable as part of this process. Patients are required to apply for Sliding Fee Discount (SFD) annually.

Patients who meet federal guidelines and who submit all the required paperwork with the application, may receive a SFD for services rendered. Patients who receive the Sliding Fee are expected to pay their portion or co-pay at the time of service. Patients who qualify for Category A-1 may qualify to have their copay waived if there is hardship.
